RE: Selection of Executive Director

The Board of Directors of the SLO Integrated Waste Management Authority is very pleased to announce the selection of Peter Cron as the new permanent Executive Director of the IWMA. Mr. Cron was chosen after an extensive recruitment and selection process which produced many highly qualified applicants.

Mr. Cron brings a wealth of experience in the waste management and recycling arena, both in the private sector and with public agencies in SLO County. He is a recognized leader and expert in the field, both locally, and statewide. The Board is highly confident in Mr. Cron's leadership skills, and his ability to provide efficient and effective management for all the services the IWMA provides to its member and participating jurisdictions, and their constituents.

The board would also like to recognize and thank Paavo Ogren for his service as Interim Executive Director. Mr. Ogren accomplished a great deal in a short period of time, effectively addressing several critical issues that required timely action.

The IWMA will welcome Mr. Cron on Board by the end of June 2022.

For further questions and inquires, please contact the IWMA office at (805) 782-8530.

Sincerely,

Charles Bourbeau,
President, Board of Directors
San Luis Obispo County Integrated Waste Management Authority
